

Circle Theorems (A)

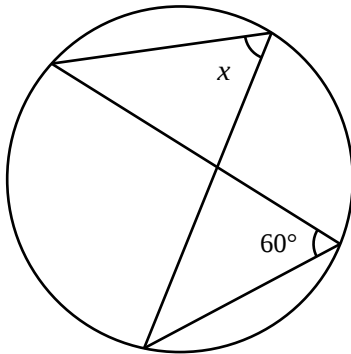

Find the value of x .

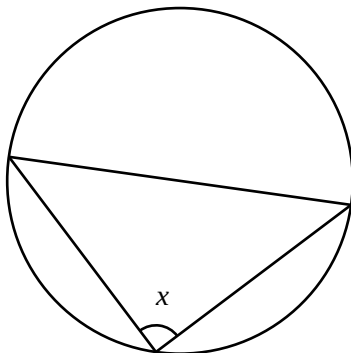

Find the value of x .

Find the value of x .

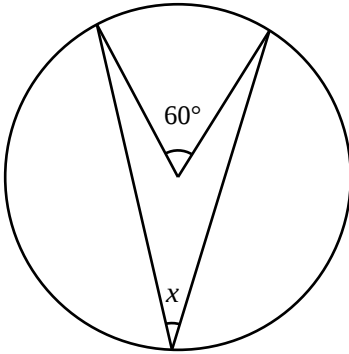

Find the value of x .

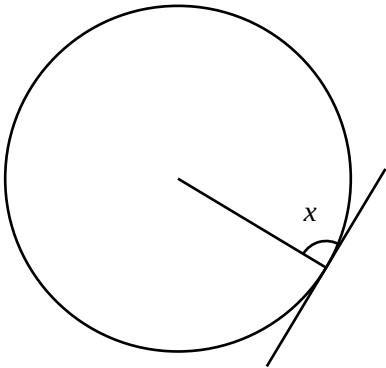

Circle Theorems (B)

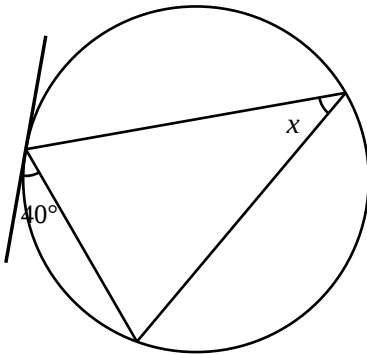

Find the value of x .

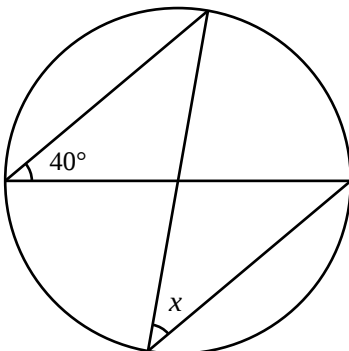

Find the value of x .

Find the value of x .

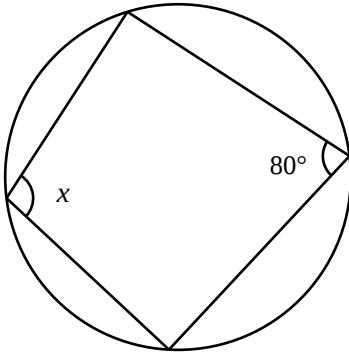

Find the value of x .

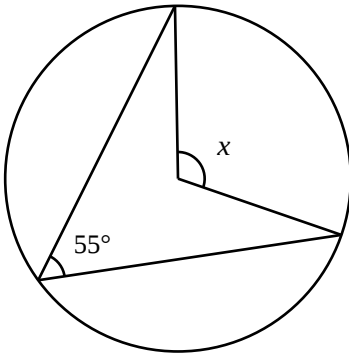

Circle Theorems (C)

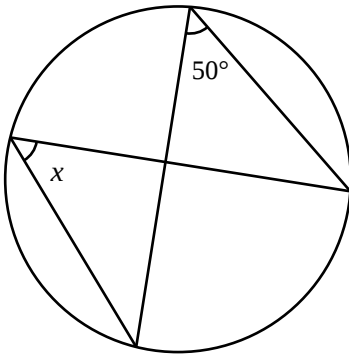

Find the value of x .

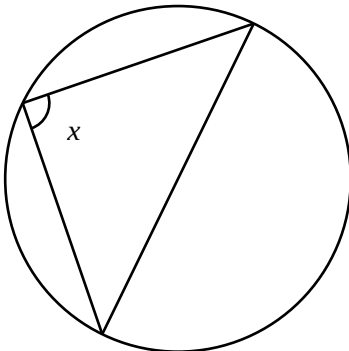

Find the value of x .

Find the value of x .

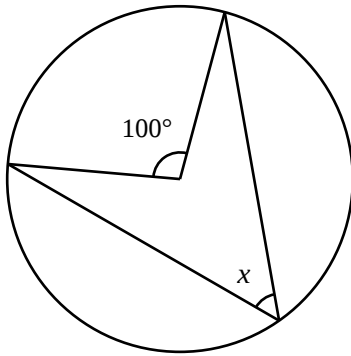

Find the value of x .

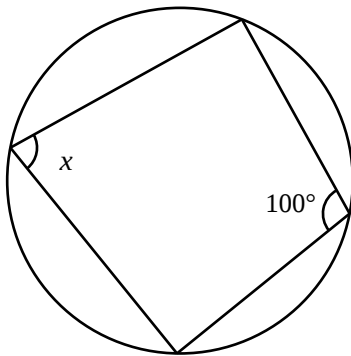

Circle Theorems (D)

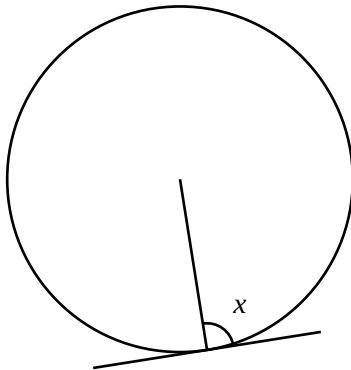

Find the value of x .

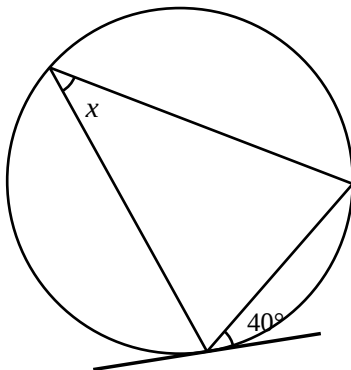

Find the value of x .

Find the value of x .

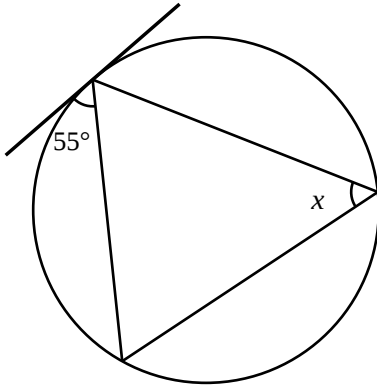

Find the value of x .

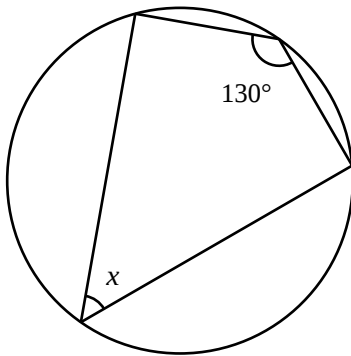

Circle Theorems (E)

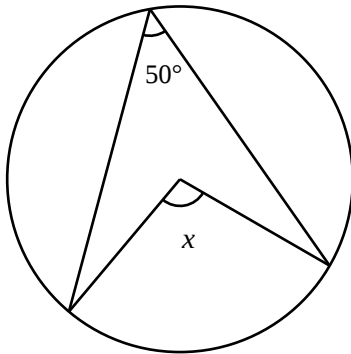

Find the value of x .

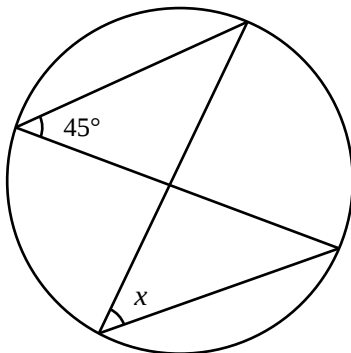

Find the value of x .

Find the value of x .

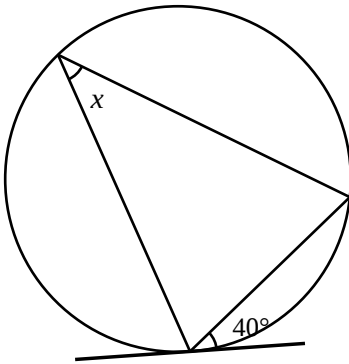

Find the value of x .

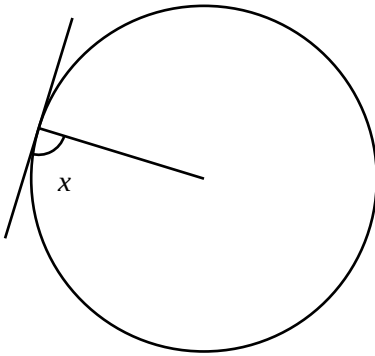

Circle Theorems (F)

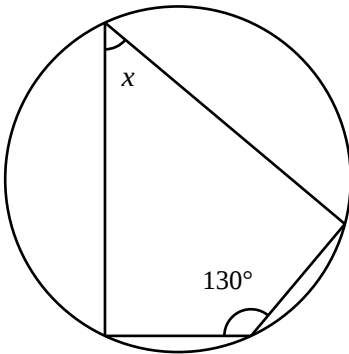

Find the value of x .

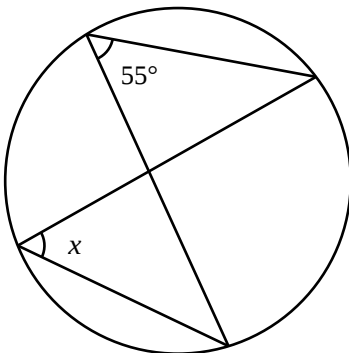

Find the value of x .

Find the value of x .

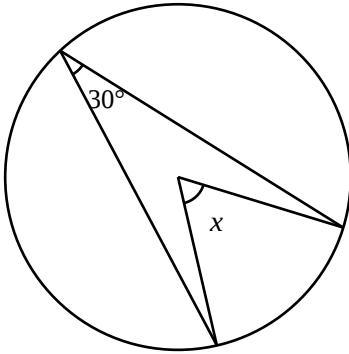

Find the value of x .

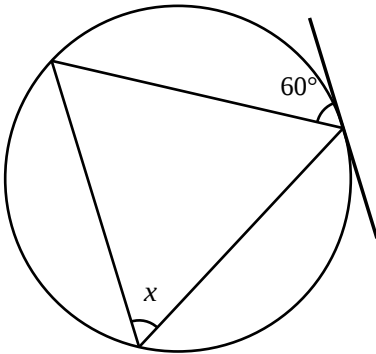

Circle Theorems (G)

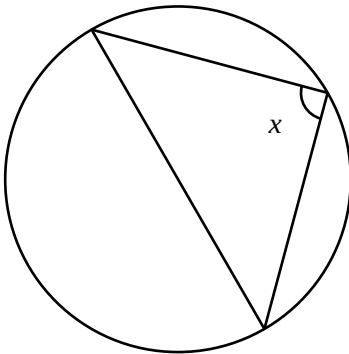

Find the value of x .

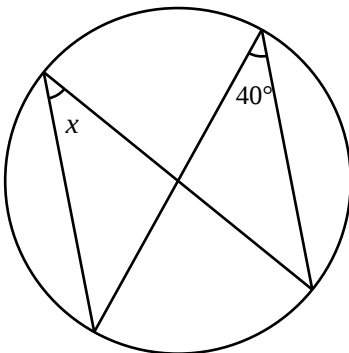

Find the value of x .

Find the value of x .

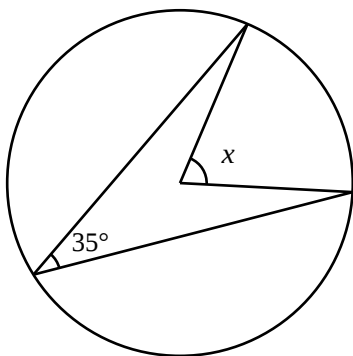

Find the value of x .

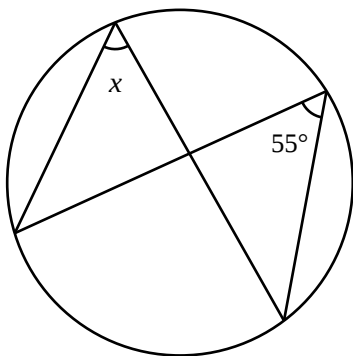

Circle Theorems (H)

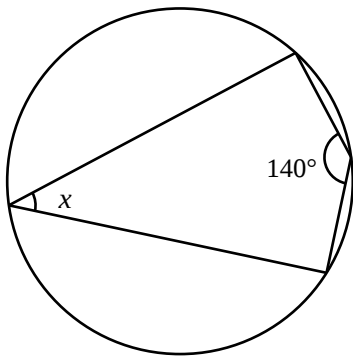

Find the value of x .

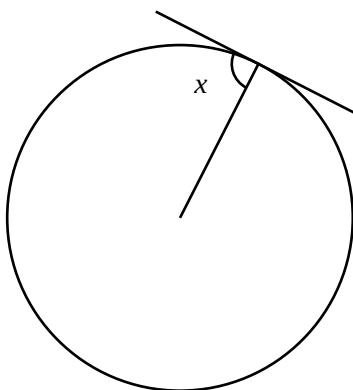

Find the value of x .

Find the value of x .

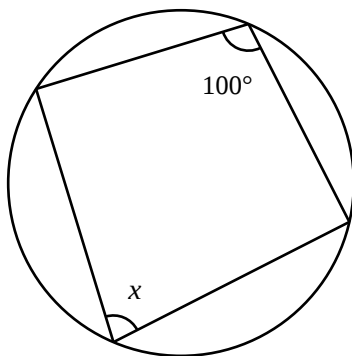

Find the value of x .

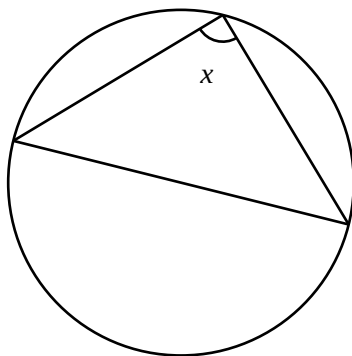

Circle Theorems (I)

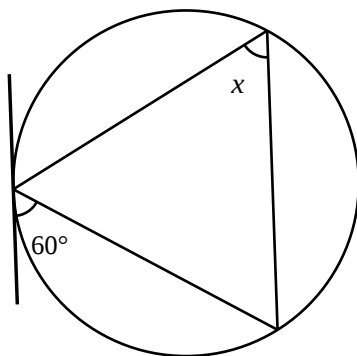

Find the value of x .

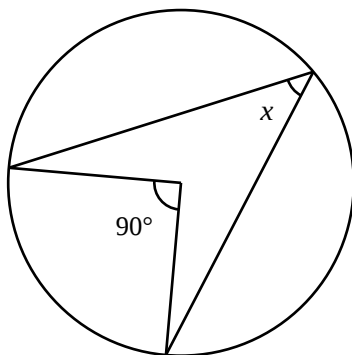

Find the value of x .

Find the value of x .

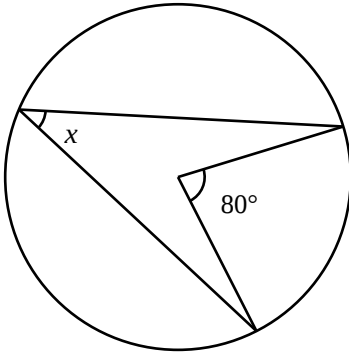

Find the value of x .

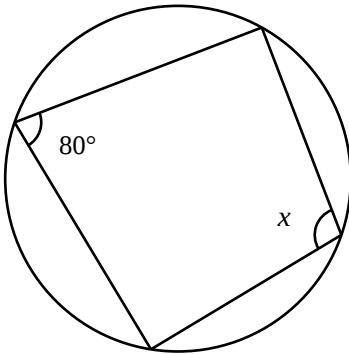

Circle Theorems (J)

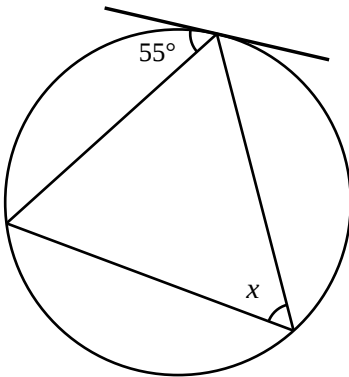

Find the value of x .

Find the value of x .

Find the value of x .

Find the value of x .
