

Graph Transformations (A)

Describe the transformation from $f(x)$ to $f(-x)$.

Describe the transformation from $f(x)$ to $f(x - 5)$.

Describe the transformation from $f(x)$ to $(1/5)f(x)$.

Describe the transformation from $f(x)$ to $-f(x)$.

Describe the transformation from $f(x)$ to $f(5x)$.

Describe the transformation from $f(x)$ to $f(x) + 3$.

Graph Transformations (B)

Describe the transformation from $f(x)$ to $f(x - 3)$.

Describe the transformation from $f(x)$ to $-f(x)$.

Describe the transformation from $f(x)$ to $f(5x)$.

Describe the transformation from $f(x)$ to $f(-x)$.

Describe the transformation from $f(x)$ to $4f(x)$.

Describe the transformation from $f(x)$ to $f(x) + 6$.

Graph Transformations (C)

Describe the transformation from $f(x)$ to $f(4x)$.

Describe the transformation from $f(x)$ to $(1/2)f(x)$.

Describe the transformation from $f(x)$ to $-f(x)$.

Describe the transformation from $f(x)$ to $f(-x)$.

Describe the transformation from $f(x)$ to $f(x) + 5$.

Describe the transformation from $f(x)$ to $f(x - 2)$.

Graph Transformations (D)

Describe the transformation from $f(x)$ to $f(-x)$.

Describe the transformation from $f(x)$ to $-f(x)$.

Describe the transformation from $f(x)$ to $f(x - 4)$.

Describe the transformation from $f(x)$ to $f(x/4)$.

Describe the transformation from $f(x)$ to $f(x) + 6$.

Describe the transformation from $f(x)$ to $3f(x)$.

Graph Transformations (E)

Describe the transformation from $f(x)$ to $-f(x)$.

Describe the transformation from $f(x)$ to $f(x - 5)$.

Describe the transformation from $f(x)$ to $f(5x)$.

Describe the transformation from $f(x)$ to $5f(x)$.

Describe the transformation from $f(x)$ to $f(-x)$.

Describe the transformation from $f(x)$ to $f(x) + 5$.

Graph Transformations (F)

Describe the transformation from $f(x)$ to $f(x/5)$.

Describe the transformation from $f(x)$ to $f(x - 2)$.

Describe the transformation from $f(x)$ to $f(x) + 4$.

Describe the transformation from $f(x)$ to $f(-x)$.

Describe the transformation from $f(x)$ to $5f(x)$.

Describe the transformation from $f(x)$ to $-f(x)$.

Graph Transformations (G)

Describe the transformation from $f(x)$ to $f(x - 5)$.

Describe the transformation from $f(x)$ to $f(x/2)$.

Describe the transformation from $f(x)$ to $f(x) + 3$.

Describe the transformation from $f(x)$ to $-f(x)$.

Describe the transformation from $f(x)$ to $f(-x)$.

Describe the transformation from $f(x)$ to $(1/4)f(x)$.

Graph Transformations (H)

Describe the transformation from $f(x)$ to $f(x) + 2$.

Describe the transformation from $f(x)$ to $f(-x)$.

Describe the transformation from $f(x)$ to $-f(x)$.

Describe the transformation from $f(x)$ to $5f(x)$.

Describe the transformation from $f(x)$ to $f(2x)$.

Describe the transformation from $f(x)$ to $f(x - 6)$.

Graph Transformations (I)

Describe the transformation from $f(x)$ to $3f(x)$.

Describe the transformation from $f(x)$ to $f(x) + 6$.

Describe the transformation from $f(x)$ to $-f(x)$.

Describe the transformation from $f(x)$ to $f(-x)$.

Describe the transformation from $f(x)$ to $f(x/5)$.

Describe the transformation from $f(x)$ to $f(x - 2)$.

Graph Transformations (J)

Describe the transformation from $f(x)$ to $f(x/2)$.

Describe the transformation from $f(x)$ to $f(-x)$.

Describe the transformation from $f(x)$ to $-f(x)$.

Describe the transformation from $f(x)$ to $(1/4)f(x)$.

Describe the transformation from $f(x)$ to $f(x) + 1$.

Describe the transformation from $f(x)$ to $f(x - 1)$.
