

Angles in a Triangle (A)

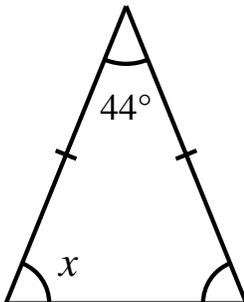

Find the value of x .

Find the value of x .

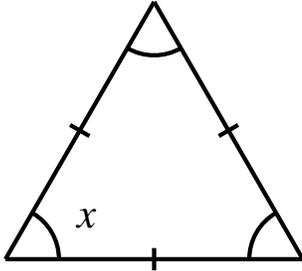

Find the value of x .

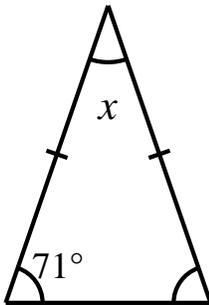

Find the value of x .

Angles in a Triangle (B)

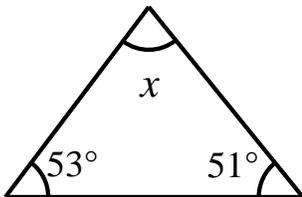

Find the value of x .

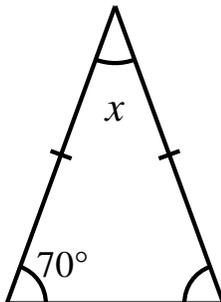

Find the value of x .

Find the value of x .

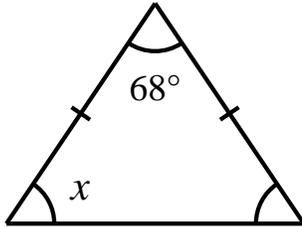

Find the value of x .

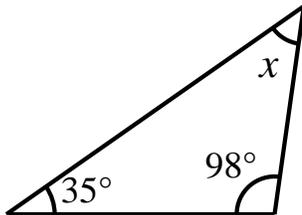

Angles in a Triangle (C)

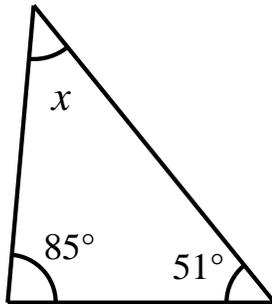

Find the value of x .

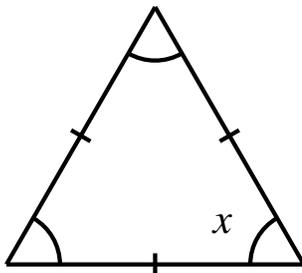

Find the value of x .

Find the value of x .

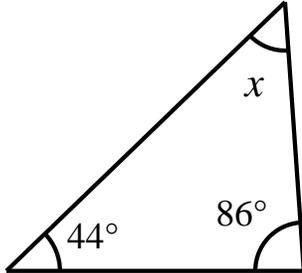

Find the value of x .

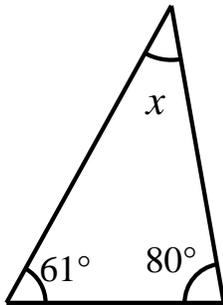

Angles in a Triangle (D)

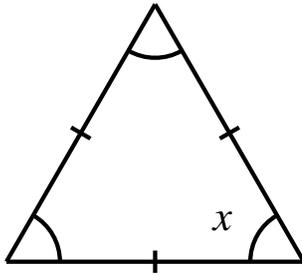

Find the value of x .

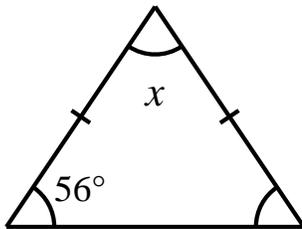

Find the value of x .

Find the value of x .

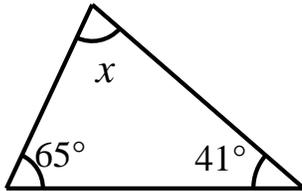

Find the value of x .

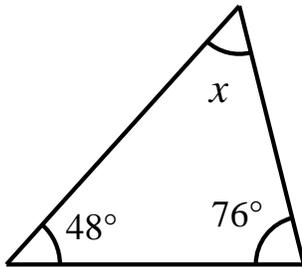

Angles in a Triangle (E)

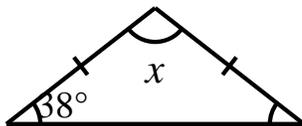

Find the value of x .

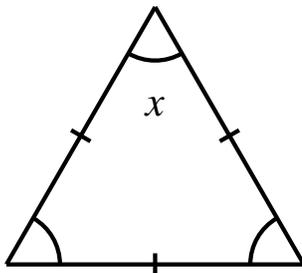

Find the value of x .

Find the value of x .

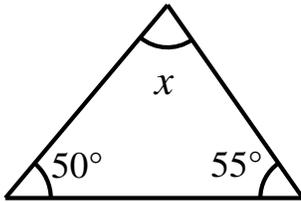

Find the value of x .

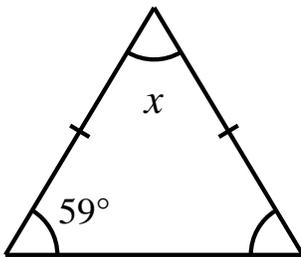

Angles in a Triangle (F)

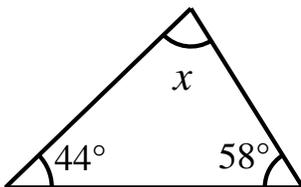

Find the value of x .

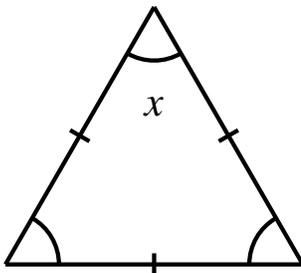

Find the value of x .

Find the value of x .

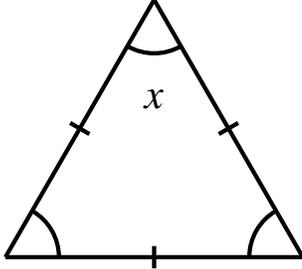

Find the value of x .

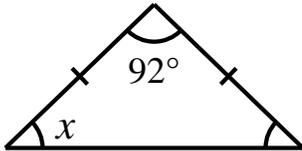

Angles in a Triangle (G)

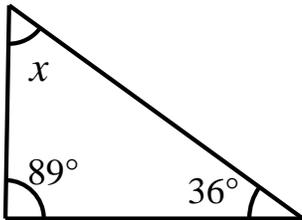

Find the value of x .

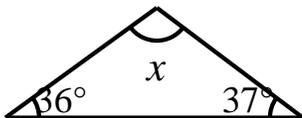

Find the value of x .

Find the value of x .

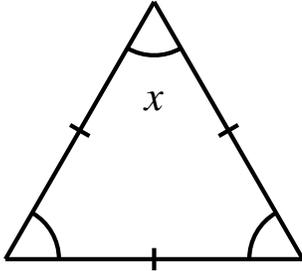

Find the value of x .

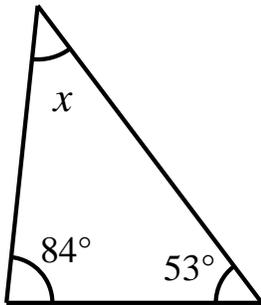

Angles in a Triangle (H)

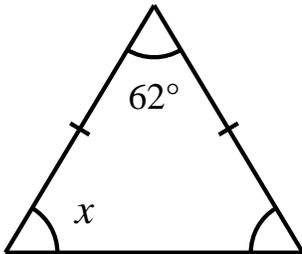

Find the value of x .

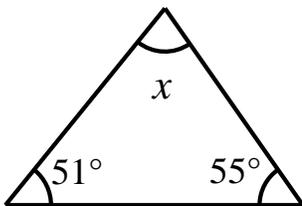

Find the value of x .

Find the value of x .

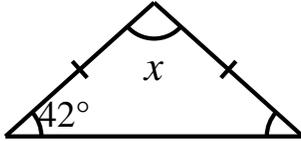

Find the value of x .

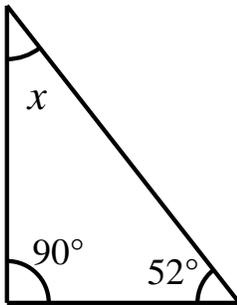

Angles in a Triangle (I)

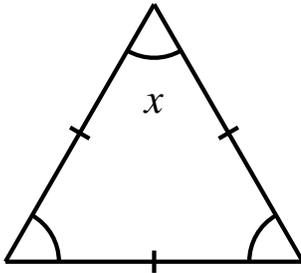

Find the value of x .

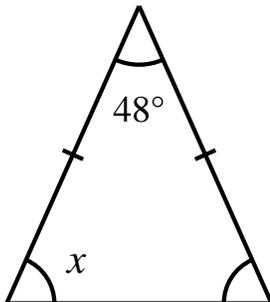

Find the value of x .

Find the value of x .

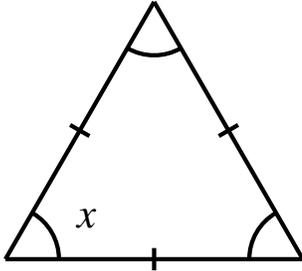

Find the value of x .

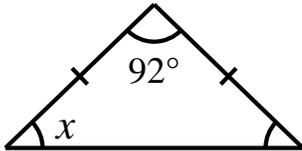

Angles in a Triangle (J)

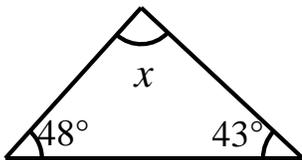

Find the value of x .

Find the value of x .

Find the value of x .

Find the value of x .
