

## Area of a Triangle (A)

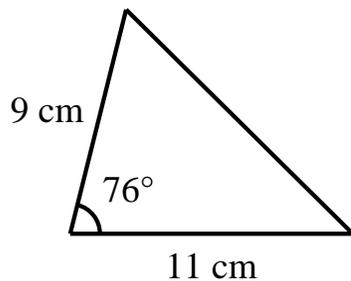

Find the area of the triangle. Give your answer to 1 decimal place.

Find the area of the triangle. Give your answer to 1 decimal place.

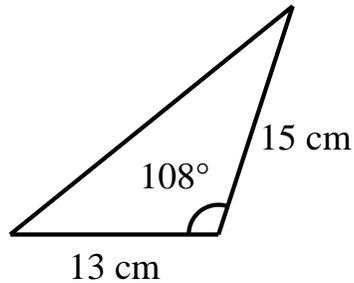

Find the area of the triangle. Give your answer to 1 decimal place.

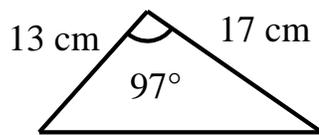

Find the area of the triangle. Give your answer to 1 decimal place.

## Area of a Triangle (B)

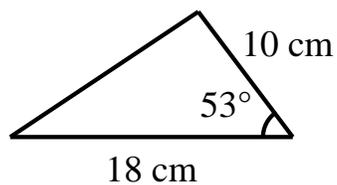

Find the area of the triangle. Give your answer to 1 decimal place.

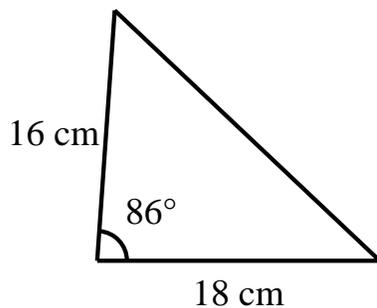

Find the area of the triangle. Give your answer to 1 decimal place.

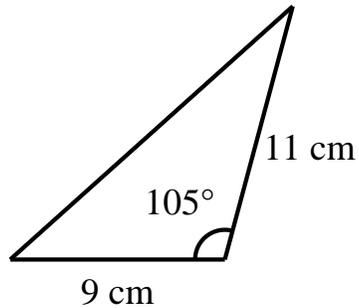

Find the area of the triangle. Give your answer to 1 decimal place.

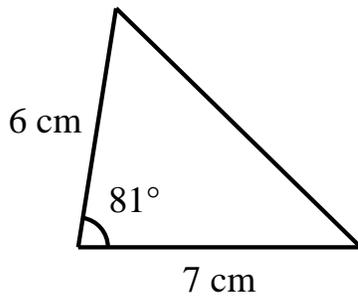

Find the area of the triangle. Give your answer to 1 decimal place.

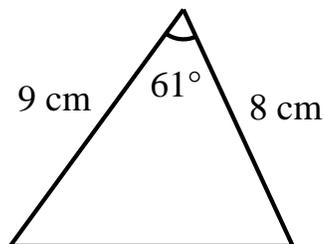

## Area of a Triangle (C)

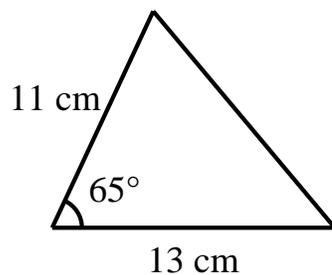

Find the area of the triangle. Give your answer to 1 decimal place.

Find the area of the triangle. Give your answer to 1 decimal place.

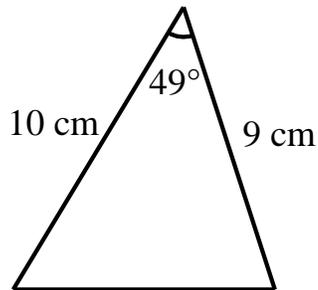

Find the area of the triangle. Give your answer to 1 decimal place.

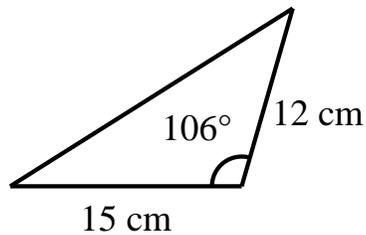

Find the area of the triangle. Give your answer to 1 decimal place.

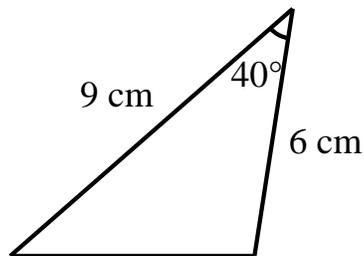

## Area of a Triangle (D)

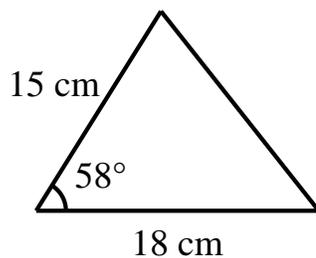

Find the area of the triangle. Give your answer to 1 decimal place.

Find the area of the triangle. Give your answer to 1 decimal place.

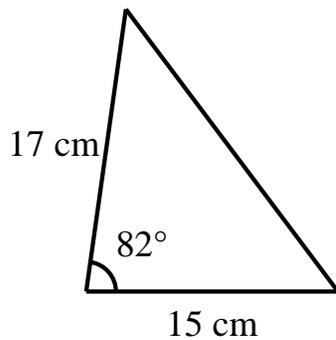

Find the area of the triangle. Give your answer to 1 decimal place.

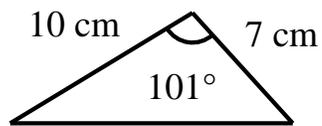

Find the area of the triangle. Give your answer to 1 decimal place.

## Area of a Triangle (E)

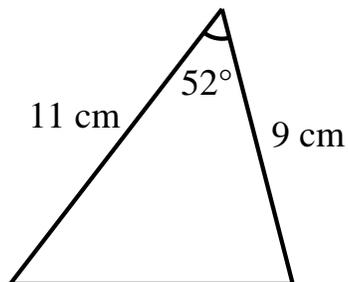

Find the area of the triangle. Give your answer to 1 decimal place.

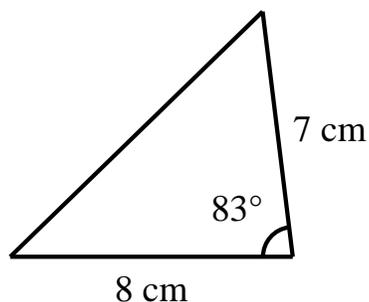

Find the area of the triangle. Give your answer to 1 decimal place.

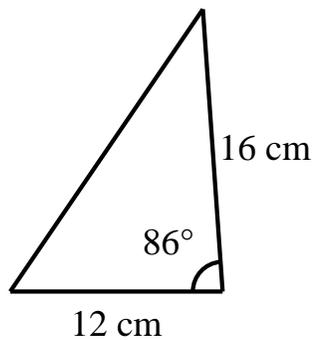

Find the area of the triangle. Give your answer to 1 decimal place.

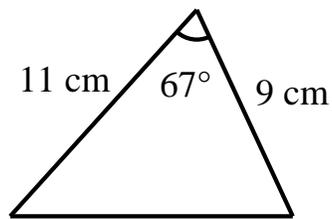

Find the area of the triangle. Give your answer to 1 decimal place.

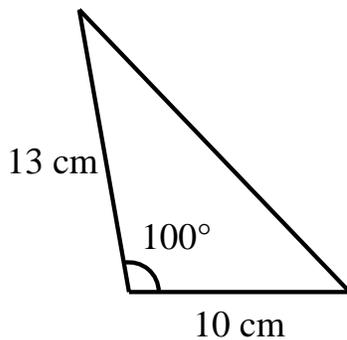

## Area of a Triangle (F)

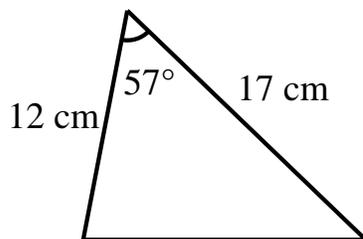

Find the area of the triangle. Give your answer to 1 decimal place.

Find the area of the triangle. Give your answer to 1 decimal place.

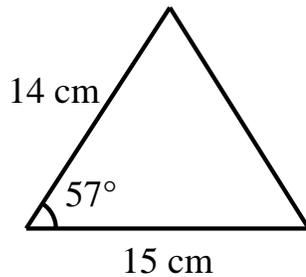

Find the area of the triangle. Give your answer to 1 decimal place.

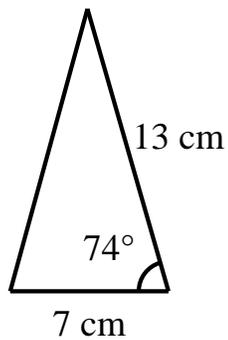

Find the area of the triangle. Give your answer to 1 decimal place.

## Area of a Triangle (G)

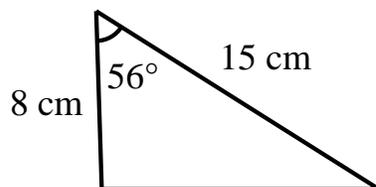

Find the area of the triangle. Give your answer to 1 decimal place.

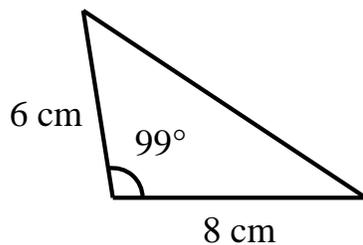

Find the area of the triangle. Give your answer to 1 decimal place.

Find the area of the triangle. Give your answer to 1 decimal place.

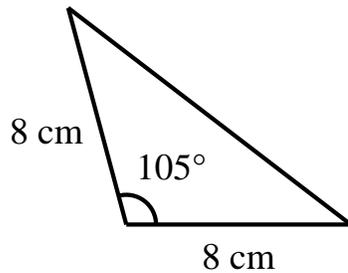

Find the area of the triangle. Give your answer to 1 decimal place.

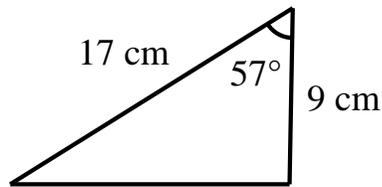

## Area of a Triangle (H)

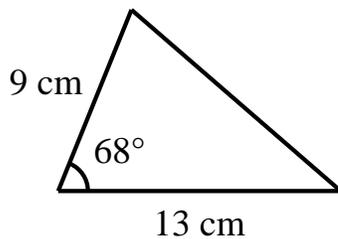

Find the area of the triangle. Give your answer to 1 decimal place.

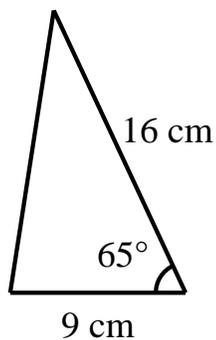

Find the area of the triangle. Give your answer to 1 decimal place.

Find the area of the triangle. Give your answer to 1 decimal place.

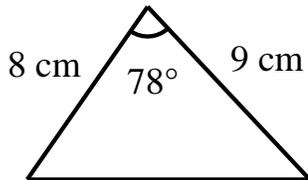

Find the area of the triangle. Give your answer to 1 decimal place.

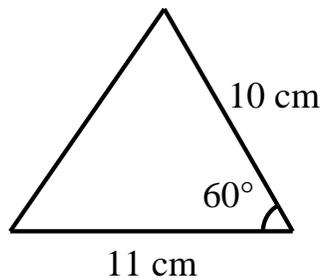

## Area of a Triangle (I)

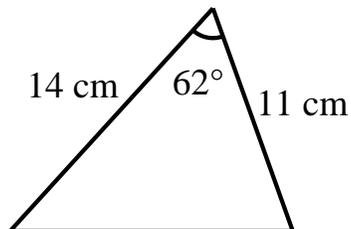

Find the area of the triangle. Give your answer to 1 decimal place.

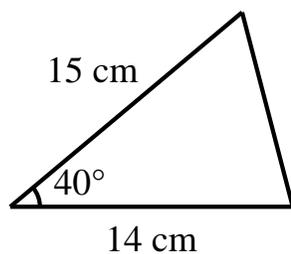

Find the area of the triangle. Give your answer to 1 decimal place.

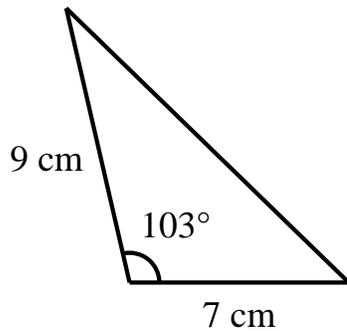

Find the area of the triangle. Give your answer to 1 decimal place.

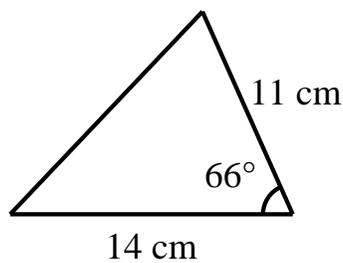

Find the area of the triangle. Give your answer to 1 decimal place.

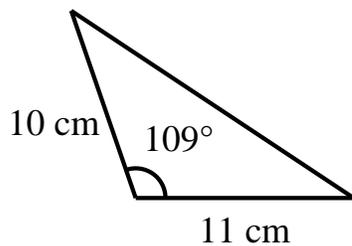

## Area of a Triangle (J)

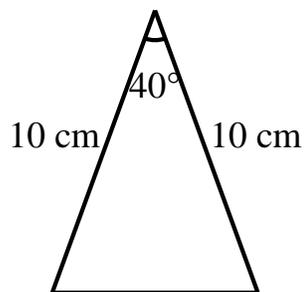

Find the area of the triangle. Give your answer to 1 decimal place.

Find the area of the triangle. Give your answer to 1 decimal place.

Find the area of the triangle. Give your answer to 1 decimal place.

Find the area of the triangle. Give your answer to 1 decimal place.
