

Percentage of an Amount (A)

What is 25% of 56?

What is 100% of 7?

What is 75% of 4?

What is 40% of 75?

What is 50% of 16?

What is 75% of 44?

Percentage of an Amount (B)

What is 20% of 80?

What is 100% of 8?

What is 75% of 80?

What is 20% of 85?

What is 50% of 44?

What is 50% of 72?

Percentage of an Amount (C)

What is 60% of 50?

What is 100% of 31?

What is 50% of 80?

What is 75% of 8?

What is 20% of 60?

What is 50% of 84?

Percentage of an Amount (D)

What is 20% of 20?

What is 50% of 50?

What is 100% of 80?

What is 20% of 30?

What is 50% of 4?

What is 75% of 48?

Percentage of an Amount (E)

What is 50% of 14?

What is 50% of 16?

What is 30% of 80?

What is 100% of 94?

What is 60% of 30?

What is 60% of 25?

Percentage of an Amount (F)

What is 75% of 40?

What is 20% of 100?

What is 75% of 88?

What is 10% of 60?

What is 100% of 2?

What is 25% of 84?

Percentage of an Amount (G)

What is 25% of 4?

What is 40% of 70?

What is 20% of 80?

What is 100% of 75?

What is 50% of 12?

What is 20% of 35?

Percentage of an Amount (H)

What is 10% of 40?

What is 100% of 70?

What is 10% of 60?

What is 20% of 95?

What is 20% of 65?

What is 40% of 85?

Percentage of an Amount (I)

What is 30% of 20?

What is 25% of 76?

What is 60% of 85?

What is 75% of 44?

What is 50% of 26?

What is 100% of 43?

Percentage of an Amount (J)

What is 75% of 48?

What is 100% of 87?

What is 75% of 36?

What is 50% of 62?

What is 20% of 100?

What is 10% of 30?
