

Surface Area of 3D Shapes (A)

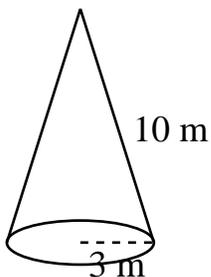

Find the surface area. Give your answer as an exact value.

Find the surface area.

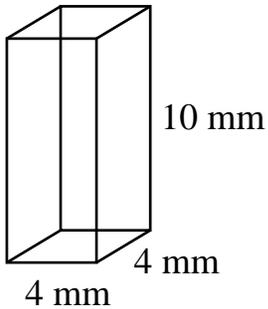

Find the surface area. Give your answer as an exact value.

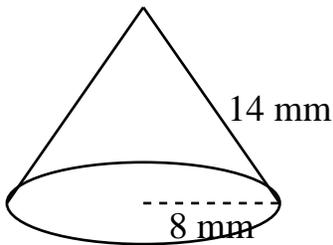

Find the surface area. Give your answer as an exact value.

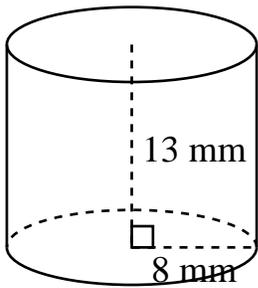

Surface Area of 3D Shapes (B)

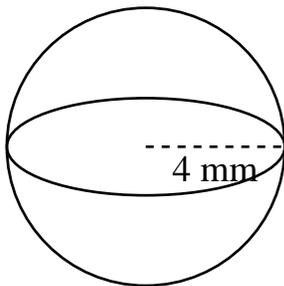

Find the surface area.

Find the surface area. Give your answer as an exact value.

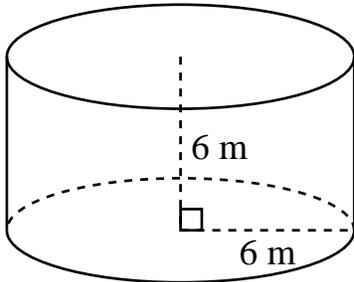

Find the surface area. Give your answer as an exact value.

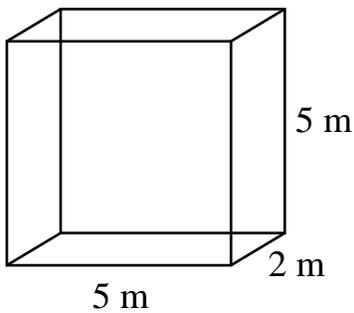

Find the surface area. Give your answer as an exact value.

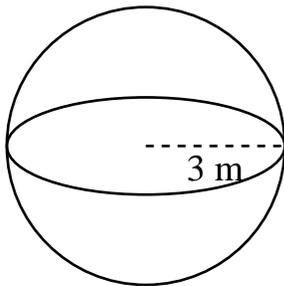

Surface Area of 3D Shapes (C)

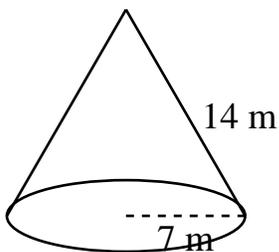

Find the surface area. Give your answer as an exact value.

Find the surface area.

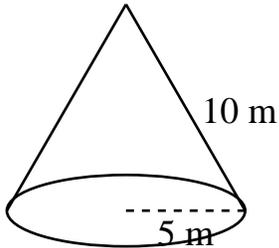

Find the surface area. Give your answer as an exact value.

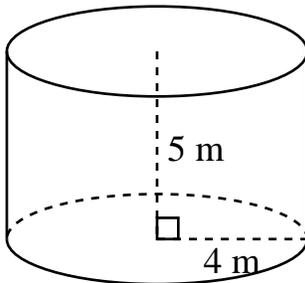

Find the surface area. Give your answer as an exact value.

Surface Area of 3D Shapes (D)

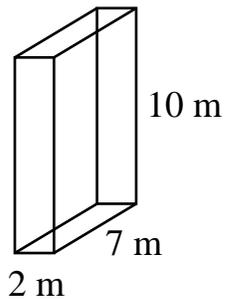

Find the surface area. Give your answer as an exact value.

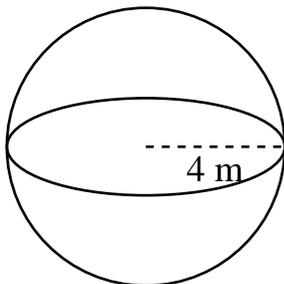

Find the surface area. Give your answer as an exact value.

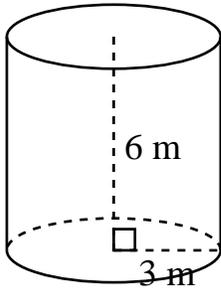

Find the surface area.

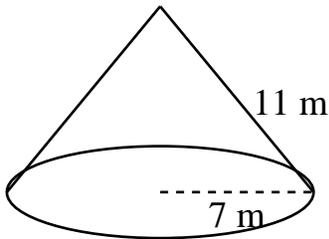

Find the surface area. Give your answer as an exact value.

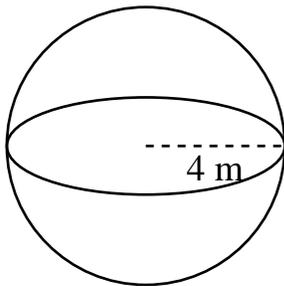

Surface Area of 3D Shapes (E)

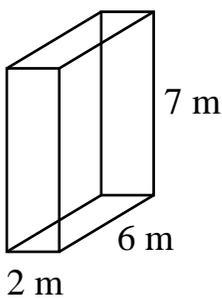

Find the surface area. Give your answer as an exact value.

Find the surface area. Give your answer as an exact value.

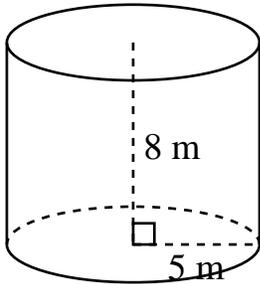

Find the surface area. Give your answer as an exact value.

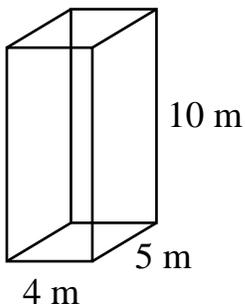

Find the surface area.

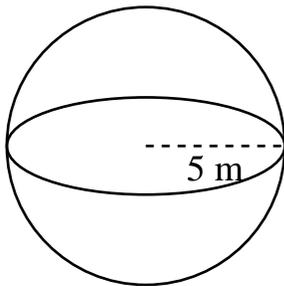

Surface Area of 3D Shapes (F)

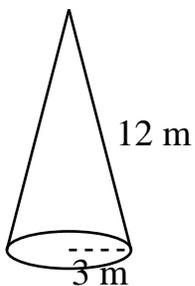

Find the surface area. Give your answer as an exact value.

Find the surface area.

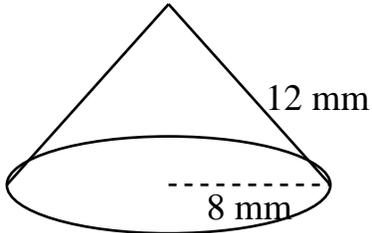

Find the surface area. Give your answer as an exact value.

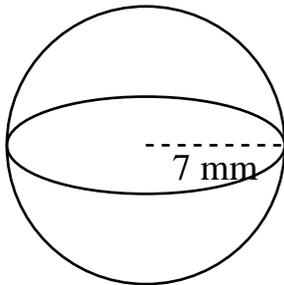

Find the surface area. Give your answer as an exact value.

Surface Area of 3D Shapes (G)

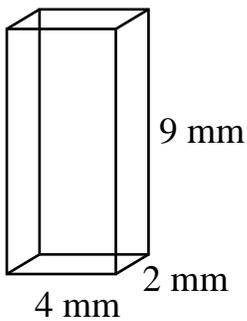

Find the surface area. Give your answer as an exact value.

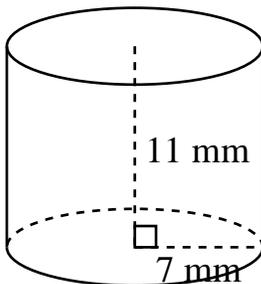

Find the surface area. Give your answer as an exact value.

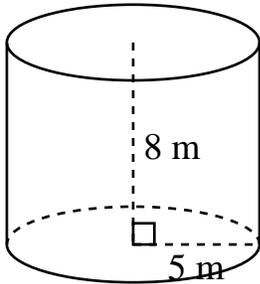

Find the surface area.

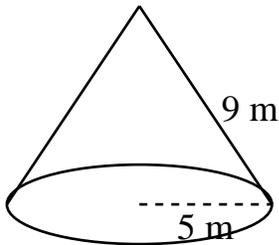

Find the surface area. Give your answer as an exact value.

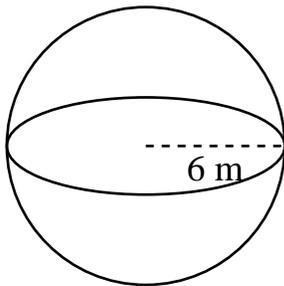

Surface Area of 3D Shapes (H)

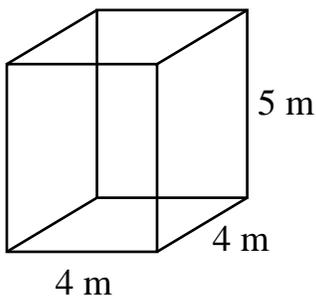

Find the surface area. Give your answer as an exact value.

Find the surface area. Give your answer as an exact value.

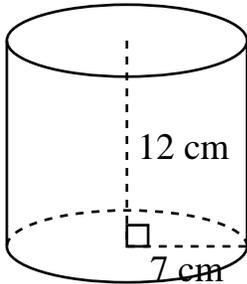

Find the surface area. Give your answer as an exact value.

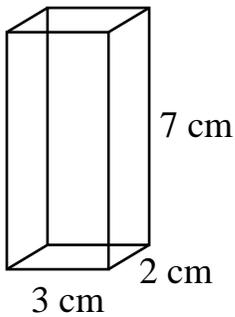

Find the surface area.

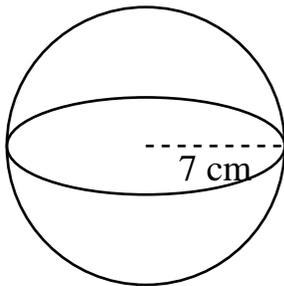

Surface Area of 3D Shapes (I)

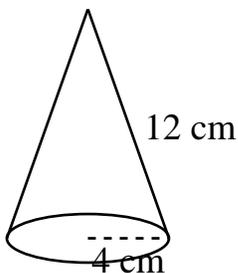

Find the surface area. Give your answer as an exact value.

Find the surface area.

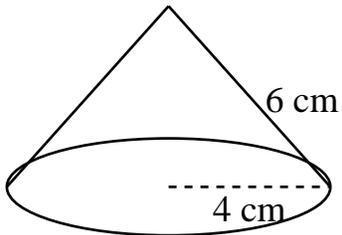

Find the surface area. Give your answer as an exact value.

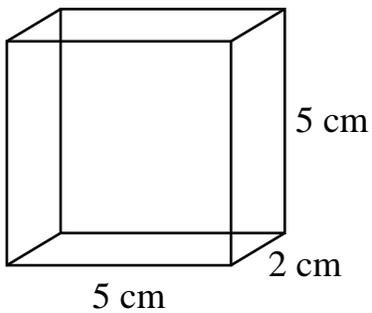

Find the surface area. Give your answer as an exact value.

Surface Area of 3D Shapes (J)

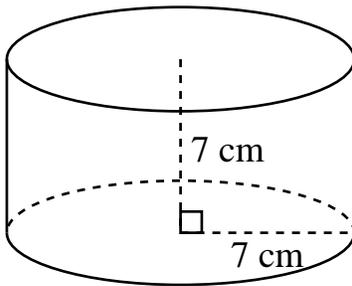

Find the surface area. Give your answer as an exact value.

Find the surface area.

Find the surface area. Give your answer as an exact value.

Find the surface area. Give your answer as an exact value.
